Tremco RISE Program

Engineering Academy and Construction Technology students learned how they can earn free college courses through the opportunities the Tremco RISE program.

Allie Houston, Education and Community Outreach Coordinator at Weatherproofing Technologies, Inc. (WTI), a subsidiary of Tremco Incorporated, presented the RISE (Roofing Individuals Succeed through Education) program to students in our Software & Application Design, Carpentry, Engineering Academy, and Construction Technology programs. WTI will pay full tuition for employees pursuing a bachelor's degree in construction management at the University of Akron.
